

Big Memo - Planets

Ein wunderschönes Memo-Spiel zum ersten
Kennenlernen unseres Sonnensystems

four-colour illustrated by Maren Hasenjäger

Recommended Age: 4+

Memo Game

Game

20,0 x 20,0 x 4,7 cm

€ 14.00 (D)

19 January 2023

The ideal gift for little space travelers aged 4 and up.

Which planet is closest to the sun? What is the name of the planet with the rings?

In this enchantingly illustrated game, small and large space friends can not only compete against each other in a round of planet mix and match, but also practice the order of the planets in the solar system. With extra-large cards, fun and space knowledge can be combined and the memory trained in a playful way.

Creative People:

Illustrator: Maren Hasenjäger, born in 1988, studied illustration in Münster before moving to her dream city of Hamburg, where she now lives with her husband and their two cats. She has been working as a freelance illustrator and graphic designer and enjoys drawing children, space, and animals with party hats.
